

Process Engineer

Ansen Corporation, a rapidly growing North American Company in the electronics contract manufacturing industry, has an immediate opportunity for an experienced Process Engineer in our Ogdensburg, New York facility.

The Process Engineer develops, implements reviews and improves production processes to support all customer, as well as internal specifications. The position requires knowledge of statistical process control, an ability to work with PC based software applications (ex: ProDesign, AutoCad, SolidWorks and MS Office Suite ...) and a BS in Electrical, Mechanical or Industrial Engineering. We will consider some other combinations of education and experience. We offer a competitive salary and a comprehensive benefit package including Medical, Dental, Prescription, Life and Long Term Disability Insurance, 401(K) and Paid Vacation.

Interested candidates should email resume, salary requirements and 3 references to Director of Human Resources, ansenhr@ansencorp.com, or mail to Human Resources, 100 Chimney Point Drive, Ogdensburg, New York 13669. Our consideration of applicants will begin immediately and continue until the position is filled.
